PREPARATION: Place all holes for electrical and tree lights. If desired, while cast is damp, cut out stars in the Yeti's fur and using a pencil write out "We are", and "Are you" & "for Christmas" and cut out "YETI" in the stars. Cut out Polar Bear if desired. Cut out the bed of the pickup to fit the Yeti lid, about 1/8 in from the lines indicated. Place ornament wire in the Yeti ornaments. Clean the greenware and always check fit of the lid and truck. and fire to cone 04.

GLAZE: The tree on the Yeti lid following the glaze instructions below before drybrushing instruction for Yeti pickup lid.

BASECOAT: Yetis and blue packages with Turquoise, Sosweet Yeti's bow with pink mix and all white areas with Buttermilk. Polar Bears with the **Dark Country Blue mix**.

WASH: All areas, avoiding glazed areas with a Medium Mocha wash, wiping down the wash before the wash dries.

DRYBRUSH YETIS: Yetis' fur with 1 coat of Turquoise, follow heavily with Buttermilk, with 3 coats into the fur. Continue with White heavily into the fur with 3 to 4 coats. The flesh areas of the Yetis' with 1 coat of Turquoise, followed with Buttermilk added to your brush; 2 to 3 coats, continue with White to highlight. Drybrush blue packages and bow with 1 coat of Turquoise and follow with Buttermilk and highlight with White. Drybrush white areas with Buttermilk and White. Drybrush Pink bow with 1 coat of the mix and follow with Buttermilk and White to highlight.

NOTE: Below are the actual instructions of how these polar bears were painted. We like to give instructions as finished. But it would be a lot easier to finish these bears using a lighter basecoat such as

DRYBRUSH POLAR BEARS: Drybrush the Polar Bears with 1 coat of the Dark Country Blue mix, followed with 3 coats of Buttermilk and White to brighten. **Paint Polar Bears Gray areas with Black;** drybrush these black areas with Med. Gray and highlight with White.

PAINT: All eyes.

SHADE: With Turquoise- fur areas. With the Slate Gray mix - Yeti's flesh areas and fur areas, around face, under the lip, where the face fur meet the chest fur etc., refer to flyer. If you don't get to crazy with dry brushing the fur, you should not have to shade with Turquoise. You should still be able to see the turquoise somewhat in the fur. **Shade packages and wreath** with Med. Mocha and snow area on yeti lid with Dark Country Blue mix. **If needed, shade Polar Bears** with the Dark Blue mix.

PAINT: The stars with Shimmering Silver. Dot the bow with White if desired. Paint package ribbon with Med. Mocha and on a slant, paint White stripes across the ribbon.

FINISH: Glue in tree lights. Using gloss sealer apply to stars, sprinkle on silver glitter of choice while the sealer is still wet. In the same way, apply white iridescent glitter to the wreath. Apply non fired snow to the snow area of the yeti lid and apply White iridescent glitter before the snow dries.
